

Segmented Walls

1. A Building may have multiple sections, multiple levels and multiple Wall Segments.
2. When adding a Level, if the **Segmented Wall** question; [“Is the entire perimeter of the exterior wall the same height and material?”](#) is answered “No,” additional information will be needed.
3. Note that when the answer is “No” the form changes from

Segmented Wall?* [Is the entire perimeter of the exterior wall the same height and material?](#)

Yes ▾

Average Wall Height: *

to
